

## **He Who Began A Good Work** *Romans 11:1-12*

God's plan for Israel and the Church is **sure**.

Redemption was planned in **eternity**.

- Christ would save mankind from sin.
- Israel would be the vessel through which Christ would come.

Redemption was carried out in **history**.

- Christ was born of a virgin.
- Christ lived a blameless life as fully God and fully man.
- Christ died a sinner's death.
- Christ was raised to life.

Redemption is applied **personally**.

- We are given eternal life and freedom from sin by receiving the work done on the cross.

God always keeps a **remnant**.

- Man will miss the mark.
- God knows and is steadfast in his plan.
- We are not alone or the only ones faithful to the LORD.

God's purposes still **flourish** in man's failures. Romans 11:11-12

We can have confidence that God will **finish** what he has started!
